PHAZE®

WEB COLLABORATION INFORMATION SYSTEM

ACCESS | AUTOMATION | ACCOUNTABILITY | AUDIT TRAIL | ANALYTICS

SMART IDEAS

PHAZE® enables your company to leverage the Internet and collaborate effectively with stakeholders using one central project repository. One account can have an unlimited number of projects.

FIVE Aze = PHAZE™

Successful projects leverage **Access** to one collaborative workspace, **Automation** to create operational efficiencies, **Accountability** to ensure the jobs get done, **Audit Trails** to enable transparency and discovery, and **Analytics** for improved business decision making. The **Five A's** are valuable features enabled in PHAZE®.

CONFORMANCE QUALITY DELIVERY

PHAZE® provides accountability, by way of workflow automation. Standardized process steps assure ball-in-court responsibility. PHAZE™ also establishes an audit trail for every action taken in the system.

BUSINESS ANALYTICS

PHAZE® delivers project decisions in real time. Dashboards, reports, and easy to navigate menus are all provided via mobile phone, smart device, and desktop platforms.

ABOUT US

PHAZE® evolved from over twenty-five years of successfully delivering Internet-based collaboration solutions to thousands of stakeholders across the United States and Canada. Our Web Collaboration Information System (WCIS) experience is award winning. Our experience is expanding globally.

WHY CHOOSE US ?

PHAZE® provides effective governance by addressing business challenges via collaboration, transparency, and accountability for all stakeholders.

With award-winning and industry leading knowledge, PHAZE® delivers the benefits of the FIVE A's in a simple, low cost and easy to stand-up platform.

PHAZE™ is a Greg Bush Enterprises, Inc. solution. Developed and supported by KFA, Inc., which is the U.S. Department of Commerce's 2020 MBDA Minority Innovative Technology Firm of the Year.
